Welcome to Art in June 2026

A very warm welcome to Art in June 2026

This year we present our biggest ever show. In addition to some artists you will know, we have new artists and venues, which makes it very exciting. This is also a very special year for one of the founder members of Art in June, Debra Barr-Smith. She will be showing a retrospective of her work with 500 paintings on show. Congratulations, Debra!

This guide can only give you a taste of what's on offer and we hope you will be encouraged to visit as many of the studios as you can. We have grouped studios together and recommended 'trails' to make your visits easy, including bike routes which have proved very popular. You can see these on our website.

We have also launched our new **Art in June App** (page 29 and back cover), which when downloaded to your device, will give you additional live data about studios open, and events being run. It also links into Google Maps to make finding the studios easy, and where else is open close by. We hope this will be of use to you.

Do come and experience the amazing creativity we have locally and maybe join in with a workshop or two. If you're really inspired, think about joining us in 2027.

We can't wait to welcome you!

Theo Gilbert: Coordinator
