Welcome to Art in June 2023

I would like to start by introducing myself. My name is Georgina Roberts and I have taken up the baton of co-ordinator for Art in June from Debra Barr-Smith. Debra is not only a brilliant artist but also spearheaded and established Art in June over the past five years with humour, grace and glorious efficiency. Thank you, Debra, we are all so very grateful.

This year we have 68 artists and makers in 18 studios. There is so much variety; from solo studios to those exhibiting together. There is nothing more magical, I find, than being able to enter the world of a painter, ceramicist, sculptor, etcher, printer, jeweller or fabric artist.

‘Every artist dips his brush into his own soul and paints his own nature into his pictures.’ – Henry Ward Beecher

Let me say that there is no obligation to buy. Come meet us; chat and see us demonstrate; and if you so desire, take part in one of our workshops.

Watch out for the yellow bikes! You’re near a studio! Fancy a spot of cycling? We are launching our first trial cycle route – Howard’s Way. Not only do you get to sample art and enjoy the Garden of England, but you get your exercise... rest assured, there will be cake available at certain venues.

We also have had our first Art in June group show at the Kaleidoscope Gallery in Sevenoaks that heralded the opening of Art in June.

Let me end with a word from an artist who lived just up the road.

‘Happy are the painters, for they shall not be lonely. Light and colour, peace and hope, will keep them company to the end of the day.’ – Winston Churchill.

And happy are we artists and makers to welcome you to Art in June 2023.

Georgina Roberts, Art in June Co-Ordinator
and the Art in June Steering Committee

OUR FIRST CYCLE ROUTE! HOWARD'S WAY!
We get cyclists visiting our studios and wish to encourage more. You can see our first trial cycle run on this map, marked in a double yellow line.
It is about 25 miles, a route which takes in the cluster of studios around Chiddingstone, Penshurst and Hever, starting and finishing at Jessops Farm Studios.
We are calling it Howard's Way because Howard Williams from Somerden kindly worked it out for us.
You can find details of the route on our website.
