# Welcome to Art in June 2025

Welcome to Art in June 2025

This year we present our biggest ever show. In addition to some artists you will know, we have new artists and venues, which makes it very exciting.

This guide can only give you a taste of what's on offer and we hope you will be encouraged to visit as many of the studios as you can. Being an artist can be a lonely affair and you are one of the many reasons our artists get involved. We love meeting you; catching up and talking about our work makes it all worthwhile.

We have grouped studios together and recommended 'trails' to make your visits easy, including bike routes which have proved very popular. You can see these on our website.

Do come and experience the amazing creativity we have locally and maybe join in with a workshop or two. If you're really inspired, think about joining us in 2026.

We can't wait to welcome you.

Theo Gilbert  
Coordinator
